

Why is Stiles Point Elementary School an Excellent School?

Quotes from Students and Teachers

"Stiles Point is an exceptional school because everyone here ensures that all students have the opportunity to learn based on their strengths and in a positive environment!"

Ms. Inabinet, PMD Teacher and Stiles Point Teacher of the Year

"Stiles Point Elementary is a great school because teachers, students and parents work together to insure successful learning."

Ms. Cooper, Media Specialist

"Because we get to go outside and be a Velociraptor!"

Will Flatley, Child Development Student

"Everyone takes good care of you!"

Isabel Myers, Kindergarten Student

"I love this school because I've made great friends here. Even the teachers are my friends."

Brady Marchant, 3rd Grade Student

"The first reason why I love Stiles Point is because of the teachers. They are so nice and encourage every student. They teach us until we completely understand. Another reason is the students. All the students are nice and helpful. I have made a lot of friends. Third is the library. I love books and this library is full of them. When I'm looking for a book, there's always a perfect book waiting to be opened by me! And that is why I love my school, Stiles Point Elementary."

Elaina Erickson, 4th Grade Student

What is the SIC?

The School Improvement Council is responsible for planning, monitoring, and evaluating education at the school level, including assisting the Principal with the Annual Report. The council is comprised of parents, educators, and community leaders that collaborate to improve the quality of education afforded to each child.

Message From the Principal

Stiles Point Elementary School is an amazing elementary school nestled on beautiful James Island in Charleston, SC. Our goal each and every year is to provide a high quality education for each of our students preparing them for the real world. With nearly 700 students, we are constantly developing innovative ways to reach the individual learning needs of a diverse population of learners. Teachers daily incorporate hands-on learning, collaboration, problem solving, and differentiated learning opportunities. As community members, we invite each of you to share your individual interests, passions, and areas of expertise to help us as we endeavor to provide a world class education for our students. Thank you for your ongoing support of Stiles Point Elementary School!
